

AMERICAN ASSOCIATION FOR PEDIATRIC OPHTHALMOLOGY AND STRABISMUS

June 8, 2009

Paul Sieving, M.D., Ph.D.
Director, National Eye Institute
Building 31/Room 6A-03
31 Center Dr.
Bethesda, MD 20892

Dear Dr. Sieving:

The members of the American Association for Pediatric Ophthalmology and Strabismus (AAPOS) would like to congratulate the National Eye Institute on its 40th anniversary. We recognize the role NEI has played in advancing vision research, and thanks to NEI efforts in pediatric eye disease and genetics research, our patients can look forward to a greatly improved quality of life.

AAPOS wishes the NEI continued success, and we are proud to support the 2010-2020 Decade of Vision.

Sincerely,

Bradley C. Black, M.D.
President, AAPOS
